# MISSION STATEMENT

*The Greater Montana Foundation benefits the people of Montana by encouraging communications, with an emphasis on electronic media, on issues, trends, and values of importance to present and future generations of Montanans.*

## Program Requirements

The Greater Montana Foundation grants priority funding to programs that adhere most closely to the principles articulated in the GMF Mission Statement. In the third of three surveys, GMF commissioned a professional poll, “Statewide Media Habits Survey.” In the latest survey, 2019, the poll indicated that the top issues for Montanans are: Jobs and the Economy; Healthcare; Spending and State Taxes; Drugs (The survey did not list any more details about drugs); Education.

Therefore special consideration will be given to applications dealing with these five broad issues categories. Priority funding also goes for programs for which applicants can demonstrate the intention on the part of a commercial station to air the proposed program.

The Greater Montana Foundation requires that all programs receiving its funding be made available for use upon request by any Montana media outlets, schools and libraries.

The Greater Montana Foundation typically does NOT fund equipment purchases or staff positions. Before you apply for either, please contact the executive director at [info@greatermontana.org](mailto:info@greatermontana.org).
